Moving together produces new trajectories

Life has a rhythm, it's constantly moving.
The word for rhythm (used by the Malinke tribes) is FOLI.
It is a word that encompasses so much more than drumming, dancing or sound.
It's found in every part of daily life. In this film you not only hear and feel rhythm but you see it.
It's an extraordinary blend of image and sound that feeds the senses and reminds us all how essential it is.
